

DC Tableau Consulting Services Desktop Kick Start

Need to get Tableau Desktop up and running quickly, all while maximizing your investment? Our Desktop Kick Start service is perfect for one-time support. This phone session gives you up to two hours of ramp up time to hit the ground running. Our experts will assist with any aspect of Tableau Desktop, from basics to visualization zen. This offering is designed as a scheduled consultation for when you require a one time, personalized resource.

Tableau Professional Services make you more successful, faster.

Overview

Our experts cover all Tableau Desktop related subjects, including:

- Interface, Components, Data Window, Views, Cards and Shelves
- Filters, Sorting, Groups, Hierarchies and Special Field Types
- Calculations and Parameters, Aggregations and Totals
- Bar, Line, Geographic, Scatter Plots, Cross tabs, Highlight tables, Heat Maps, Bins, Histograms, Motion Charts, etc.
- Shapes, Marks and Annotations, Reference Lines, Bands and Trend Lines
- Dashboard Highlights, Filter Actions, URL actions and Drill-Down
- Publishing, PDFs, Images and Sharing

Details & Hours

Desktop Kick Start sessions are purchased in two hour blocks. Tableau Desktop Kick Start services are available Monday - Friday (excluding Holidays) from 8:00 am - 6:00 PM CST (GMT -6) via a dedicated U.S. phone number. Desktop Kick Start sessions must be used within 90 days from purchase date. Any unused hours will expire.

We're Experienced in the Ways of Fast

We're not just smart techies who know databases, IT environments, and software. We're also business people with practical experience using data and visual analysis to solve real business problems in record time.

We have the flexibility to deliver our services either in-person or remotely, and can group our offerings to fit your organization's specific needs.
